The ROCC Team and Strategy for 2024

Ongoing performance review by Scripps Google Certified experts, along with monthly and quarterly reports with the KRIS local team and team at ROCC. Adjustments can be made to optimize campaigns and keywords for efficient performance with an emphasis on goals.

Google Keywords reviewed as needed, with a planned adjustment in June to add an additional campaign focus for Holiday and Party keywords for Fall and Holiday party bookings.

San Antonio and Houston will remain focus areas, but with team meetings, changes to geographic targets can be made at any time with our team.

CITY COUNCIL AGENDA
Regular Meeting: Tuesday, April 23, 2024

AGENDA ITEM: 5D

Consider the approval of the Hotel Occupancy Tax Second Quarterly Report from the Friends of the Fulton Mansion State Historical Site and approve the payment not to exceed \$12,500.00.

SUBMITTED BY: Shelley Goodwin, City Secretary

APPROVED FOR AGENDA: VRS

BACKGROUND: The Friends of the Fulton Mansion State Historical Site has been allocated \$50,000.00 in FY 2023-2024 Hotel Occupancy Tax (HOT) funds. According to our agreement with the Friends of the Fulton Mansion State Historical Site, fiscal quarterly reports are required to be submitted to the City Council for approval. See the accompanying 2nd quarter HOT expenditure report for additional information.

FISCAL ANALYSIS: Charged to account 6602001 for \$12,500.00 for second quarter payment

RECOMMENDATION: Staff recommends approval of the Fulton Mansion State Historical Site Fiscal Year 2023-2024 Hotel Occupancy Tax funds 2nd quarter expenditures and authorization to disburse

To whom it may concern,

I have provided our HOT funds information in two different formats. On February 14, 2024, the Texas Historical Commission changed Point of Sale systems. Our new system does not have the capacity to enter our HOT funds demographic information for reports. We are now tracking this information manually and then enter the information into a spreadsheet.

Feel free to contact me if you have any questions or need further information.

Sincerely,

Barbara Judkins

We have someone doing our website for the Bountiful Bowl and we are doing something on Facebook. I am taking care of the Nav Sign. There is no printed brochure. I believe we did some flyers last year that we handed out. You included us in the printed media campaign that you have your media person do.

Engineer’s performance of the Services under the oral authorization shall be in reliance on the inclusion of all the terms of this Agreement in the oral authorization.

ARTICLE 3: CHANGES

3.1 **Changes.** The Engineer and Client may at any time, by written amendment, make changes within the general scope of individual Proposal(s) or relating to Services to be performed. If such changes cause an increase or decrease in the Engineer’s cost of, or time required for, performance of any Services under individual Proposals, an equitable adjustment shall be made and reflected in a properly executed Amendment or Additional Services Proposal.

3.2 **Regulatory Changes.** In the event that there are modifications or additions to regulatory requirements relating to the Services to be performed under this Agreement after the date of execution of this Agreement, the increased or decreased cost of performance of the Services provided for in this Agreement and subsequent Proposals shall be reflected in an appropriate Proposal Amendment.

5.3 **Other Information.** Engineer will rely upon commonly used sources of data, including database searches and agency contacts. Engineer does not warrant the accuracy of the information obtained from those sources and has not been requested to independently verify such information. Should Engineer call for contract renegotiation, Engineer shall identify the changed conditions necessitating renegotiation and Engineer and Client shall promptly and in good faith enter into renegotiation of this Agreement. If the terms cannot be agreed to, the parties agree that either party has the right to terminate the Agreement.

5.8 **Site Visit.** All conclusions, opinions and recommendations will be based upon site conditions at the Property as they existed at the time of Engineer's site visit. Any report should not be relied upon to represent conditions at a later date.

5.9 **Opinions of Cost.** Should Engineer provide any cost opinions, it is understood and agreed that Engineer is not a professional cost estimator, has no control over market conditions, the cost of goods or labor, contractor

pricing decisions, or the ultimate cost of Client's Project, and any estimate of cost or Clients's budget whether provided or agreed to by Engineer, represents opinion only. Engineer does not warrant that actual costs will not vary from those opinions. Changes in design of Client's Project necessary to adjust the cost of the Project at any time will be performed by Engineer as Additional Services.

5.10 **Construction Observation.** If construction phase services are included in the Services, the Engineer shall periodically visit the Project during construction to become generally familiar with the progress and quality of the Contractors' work and to determine if the work is proceeding in general accordance with the Contract Documents. Client has not retained Engineer to make detailed inspections or to provide exhaustive or continuous Project review and observation services. Before Engineer performs the Services, Client will provide Engineer evidence satisfactory to Engineer that all required permits or other approvals have been obtained and that all required notices have been given. 6.3 **Payments.** Engineer will invoice Client monthly in accordance with the terms and conditions of the Proposal, and amendment(s) for Services and reimbursables. Client agrees to promptly pay Engineer at its office at 5656 S. Staples, Ste 312, Corpus Christi, TX 78411, the full amount of each such invoice upon receipt. In no event shall Engineer's failure to bill monthly constitute default under the terms and conditions of this Agreement.

6.4 **Right to Stop Performance.** If Client does not pay any amount due to Engineer within sixty (60) days after the invoice date, Engineer may, upon three (3) additional days verbal or written notice to Client, stop performance of the Services until payment of the amount owed has been received.

6.6 **Attorney's Fees.** In the event Engineers' invoices for Services are given to any attorney for collection, or if suit is brought for collection, or if they are collected through probate, bankruptcy, or other judicial proceeding, then Client shall pay Engineer all cost of collection, including the maximum attorney's fees allowed by law and court costs, in addition to other amounts due.

ARTICLE 7: TERMINATION OF SERVICES

7.1 **Termination.** This Agreement may be terminated without cause at any time prior to completion of Engineer's services, either by Client or by Engineer, upon seven (7) days written notice to the other at the address of record. Upon receipt of written notice from Client to discontinue work, Engineer shall discontinue work under this Agreement. Such termination shall release Engineer from any further obligation to provide Services to Client on this Agreement, but all obligations of Client shall continue. In the event Client terminates the Agreement based on Client's reasonable opinion Engineer has failed or refused to prosecute the Services efficiently, promptly or with diligence, Engineer shall have ten (10) days, from the receipt of written notification by Client, to cure such failure to perform in accordance with the terms of this Agreement or Proposal(s). Client waives any and all claims it has against Engineer arising out of termination of this Agreement by Engineer. Client waives any and all claims, causes of action, or damages that it has or may have against Engineer for failure to perform further Services under this or any other Agreement with Client.

7.2 **Compensation in Event of Termination.** Upon termination by either Client or Engineer, Client shall pay Engineer with respect to all contracted Services rendered and expenses incurred before termination an amount fixed by applying Engineer's standard hourly rates, in force at the time of termination, to all Services performed to date, in addition to termination settlement costs Engineer reasonably incurs relating to commitments which had become firm before the termination.

ARTICLE 8: RELATIONSHIP OF PARTIES

8.1 **Independent Contractor.** It is understood that the relationship of Engineer to Client shall be that of an independent contractor. Neither Engineer nor employees of Engineer shall be deemed to be employees of Client.

ARTICLE 9: LIMITATION OF LIABILITY

9.1 **Limitation of Liability.** TO THE FULLEST EXTENT PERMITTED BY LAW, THE TOTAL LIABILITY OF ENGINEER, ITS EMPLOYEES, OFFICERS, SUBCONSULTANTS AND SUBCONTRACTORS, TO CLIENT FOR ANY AND ALL INJURIES, CLAIMS, LOSSES, EXPENSES, OR DAMAGES WHATSOEVER FROM ANY CAUSE OR CAUSES, INCLUDING, BUT NOT LIMITED TO, STRICT LIABILITY, BREACH OF CONTRACT, BREACH OF WARRANTY, NEGLIGENCE, OR ERRORS OR OMISSIONS SHALL NOT EXCEED THE TOTAL FEE PAID TO THE ENGINEER. NOTWITHSTANDING ANY OTHER PROVISION OF THE AGREEMENT, NEITHER PARTY SHALL BE LIABLE TO THE OTHER FOR ANY PUNITIVE, SPECIAL, INCIDENTAL, OR CONSEQUENTIAL DAMAGES INCURRED DUE TO THE FAULT OF THE OTHER PARTY, REGARDLESS OF THE NATURE OF THIS FAULT OR WHETHER IT WAS COMMITTED BY CLIENT OR BY ENGINEER, THEIR EMPLOYEES, AGENTS, SUBCONSULTANTS, OR SUBCONTRACTORS. CONSEQUENTIAL DAMAGES INCLUDE, BUT ARE NOT LIMITED TO, LOSS OF USE AND LOSS OF PROFIT.

9.2 **No Certification.** Engineer shall not be required to sign any documents, no matter by whom requested, that would result in Engineer having to certify, guarantee, or warrant the existence of conditions whose existence Engineer cannot ascertain. Client also agrees not to make resolution of any dispute with Engineer or payments of any amount due to Engineer in any way contingent upon Engineer's signing any such certification.

9.3 **Asbestos or Hazardous Materials.** It is acknowledged by both parties that Engineer's scope of Services does not include any services related to asbestos or hazardous or toxic materials. In the event Engineer or any other party encounters asbestos or hazardous or toxic materials at the Property, or should it become known in any way that such materials may be present at the Property or any adjacent areas that may affect the performance of Engineer's Services, Engineer may, at its option and without liability for consequential or other damages, suspend performance of Services on the Project until Client retains appropriate specialist consultant(s) or contractor(s) to identify, abate, and/or remove the asbestos or hazardous or toxic materials and warrant that the Property is in full compliance with applicable laws and regulations.

9.4 **Delays.** Engineer is not responsible for delays caused by factors beyond Engineer's reasonable control,

including but not limited to delays because of strikes, lockouts, work slowdowns or stoppages, accidents, acts of God, failure of any governmental or other regulatory authority to act in a timely manner, failure of Client to furnish timely information or approve or disapprove of Engineer's Services or work product promptly, or delays caused by faulty performance by Client or by contractors of any level. When such delays beyond Engineer's reasonable control occur, Client agrees Engineer is not responsible for damages, nor shall Engineer be deemed to be in default of this Agreement. In the event such delay exceeds ninety (90) days, Engineer shall be entitled to an extension of time equal to the delay and an equitable adjustment in compensation. In the event Engineer is delayed by Client and such delay exceeds thirty (30) days, Engineer shall be entitled to an extension of time equal to the delay and an equitable adjustment in compensation.

9.5 **Project Enhancement.** If, due to Engineer's error or omission, any required item or component of the Project is omitted from Engineer's documents, Engineer shall not be responsible for paying the cost to add such item or component to the extent that such item or component would have been otherwise necessary to the Project or otherwise adds value or betterment to the Project. In no event will Engineer be responsible for any cost or expense that provides betterment, upgrade, or enhancement of the Project.

9.6 **Express Structural and Soils Disclaimer.** Client acknowledges and agrees Engineer is not providing geotechnical or structural services of any kind, is relying on information and work of other in this regard, and Engineer shall not be responsible for damage to Client or to structures or improvements caused by raising, shifting, heaving, swelling, settling, or other movement of soils or structures.

ARTICLE 10: MISCELLANEOUS

10.1 **Entire Agreement.** The Agreement contains the entire agreement between Engineer and Client, and no oral statements or prior written matter shall be of any force or effect. The Agreement may be modified only by written document executed by both parties.

10.2 **Modifications.** No one has authority to make variations in, or additions to, the terms of this Agreement on behalf of Engineer other than one of its officers, and then only in writing.

10.3 **Governing Law.** The Agreement shall be governed by and construed in accordance with the laws of the State of Texas.

10.4 **Venue.** Engineer and Client agree that the Services will be performed or partially performed in Nueces County, Texas, and the venue of any action under the Agreement shall be exclusively in Nueces County, Texas.

10.5 **Severability.** If any provision of the Agreement is held to be illegal, invalid or unenforceable under present or future laws, such provision shall be fully severable and the Agreement shall be construed and enforced as if such illegal, invalid or unenforceable provision is not a party hereof, and the remaining provisions shall remain in full force and effect. In lieu of any illegal, invalid or unenforceable provision, there shall be added automatically as a part of the Agreement, a provision as similar in terms to such illegal, invalid or unenforceable provision as may be possible and be legal, valid and enforceable.

10.6 **Construction of Agreements.** The parties acknowledge that each party and, if it so chooses, its counsel have reviewed and revised the Agreement and that the normal rule of construction to the effect that any ambiguities are to be resolved against the drafting party shall not be employed in the interpretation of the Agreement or any amendments or exhibits.

10.7 **Successor and Assigns.** Client, for himself and partners, if any, and Engineer, for itself, each binds himself or itself and its successors, executors, administrators and assigns to the other party to this Agreement and to partners, successors, executors, administrators and assigns of such other party in respect to all covenants of the Agreement. Neither Client nor Engineer shall assign, sublet, or transfer his interest in this Agreement without the written consent of the other. Nothing herein shall be construed as giving any rights or

benefits hereunder to anyone other than Client and Engineer. Client's representative signing below warrants that he or she has full authority to bind Client to this Agreement and further warrants that Client has an ownership interest in the real property that is part of the Project. Client's representative signing below agrees to indemnify, save, and hold Engineer harmless for any and all claims, causes of action, and damages that may arise against Engineer if the representations contained in this Paragraph are not correct.

Nothing in Agreement restricts Engineer's ability to hire subcontractor in connection with the Services. The Services and any report prepared under this Agreement are for the sole benefit and sole use of Client and are not for the use of any other person. Only Client may rely upon the Agreement and the Services, unless the Engineer gives Client prior and specific written approval.

10.8 **Dispute Resolution.** Any claim, dispute or other matter in question arising out of or related to the Agreement of the Services provided thereunder shall be subject to arbitration. Prior to arbitration, the parties shall endeavor to resolve all disputes by mediation. Claims, disputes and other matters in question between the parties that are not resolved by mediation shall be decided by arbitration which, unless the parties mutually agree otherwise, shall be in accordance with the Construction Industry Arbitration Rules of the American Arbitration Association currently in effect. The demand for arbitration shall be filed in writing with the other party to the Agreement and with the American Arbitration Association. No arbitration arising out of or relating to the Agreement shall include, by consolidation or joinder or in any other manner, an additional person or entity not a party to this Agreement. The foregoing agreement to arbitration shall be specifically enforceable in accordance with applicable law in any court having jurisdiction. The award rendered by the arbitrator or arbitrators shall be final, and judgment may be entered upon it in accordance with applicable law in any court having jurisdiction.

10.9 **Mediation.** Any claim, dispute or other matter in question arising out of or related to this Agreement shall be subject to non-binding mediation as a condition precedent to the institution of legal proceedings by either party. If such matter relates to or is the subject of a lien arising out of Engineer's Services, Engineer may proceed in accordance with applicable law to comply with the lien notice or filing deadlines prior to resolution of the matter by mediation or other legal proceedings.

Each party agrees to include a similar mediation provision in all agreements with independent contractors and consultants retained for the Project and to require all independent contractors and consultants also to include similar mediation provisions in all agreements with their respective subcontractors, suppliers, and subconsultants, thereby providing for mediation as the initial method for dispute resolution between the parties to all those agreements.

The parties shall share the mediator's fee and any filing fees equally. The mediation shall be held in the county where the Project is located, unless another location is mutually agreed upon. Agreements reached in mediation shall be enforceable as settlement agreements in any court having jurisdiction thereof.

10.10 **No Warranty.** Engineer makes no warranty, either expressed or implied, as to Engineer's findings, recommendations, drawings, specifications, or professional advice. Any warranties or guarantees contained in any purchase orders, certifications, requisitions, or notices to proceed issued by Client are specifically objected to and excluded. Client recognizes that neither Engineer nor any of Engineer's subconsultants or subcontractors owes any fiduciary responsibility to Client.

10.11 **Survival of Provisions.** Termination of the Services for any reason whatsoever shall not affect (a) any right or obligation of any party that is accrued or vested prior to such termination, and any provision of the Agreement relating to any such right or obligation shall be deemed to survive the termination of the Services or (b) any continuing obligation, liability or responsibility of Engineer and of Client which would otherwise survive termination of the Services.

Staff recommends approval of the Engagement Letter (attached)

April 15, 2024

To City Council and Robbie Sorrell- Finance Director
City of Rockport
2751 S. H. 35 Bypass
Rockport, TX 78382

We are pleased to confirm our understanding of the services we are to provide City of Rockport (the "City") for the year ended September 30, 2023. We will audit the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information, including the related notes to the financial statements, which collectively comprise the basic financial statements, of City of Rockport as of and for the year ended September 30, 2023. Accounting standards generally accepted in the United States of America provide for certain required supplementary information (RSI), such as management's discussion and analysis (MD&A), to supplement City of Rockport's basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. As part of our engagement, we will apply certain limited procedures to City of Rockport's RSI in accordance with auditing standards generally accepted in the United States of America. These limited procedures will consist of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We will not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance. The following RSI is required by U.S. generally accepted accounting principles and will be subjected to certain limited procedures, but will not be audited:

- 1) Management's Discussion and Analysis
- 2) Budgetary Comparison Schedules
- 3) Schedule of Changes in Net Pension Liability and Related Ratios
- 4) Schedule of Contributions

We have also been engaged to report on supplementary information other than RSI that accompanies City of Rockport's financial statements. We will subject the following supplementary information to the auditing procedures applied in our audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America, and we will provide an opinion on it in relation to the financial statements as a whole, in a report combined with our auditor's report on the financial statements:

- 1) Schedule of expenditures of federal awards.
- 2) Combining and Individual Nonmajor Fund Statements
- 3) Budgetary Comparison Schedules

The following other information accompanying the financial statements will not be subjected to the auditing procedures applied in our audit of the financial statements, and our auditor's report will not provide an opinion or any assurance on that other information.

- 1) Introductory Section
- 2) Statistical Section

Audit Objectives

The objective of our audit is the expression of opinions as to whether your financial statements are fairly presented, in all material respects, in conformity with U.S. generally accepted accounting principles and to report on the fairness of the supplementary information referred to in the second paragraph when considered in relation to the financial statements as a whole. The objective also includes reporting on—

- Internal control over financial reporting and compliance with provisions of laws, regulations, contracts, and award agreements, noncompliance with which could have a material effect on the financial statements in accordance with *Government Auditing Standards*.
- Internal control over compliance related to major programs and an opinion (or disclaimer of opinion) on compliance with federal statutes, regulations, and the terms and conditions of federal awards that could have a direct and material effect on each major program in accordance with the Single Audit Act Amendments of 1996 and Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance).

The *Government Auditing Standards* report on internal control over financial reporting and on compliance and other matters will include a paragraph that states that (1) the purpose of the report is solely to describe the scope of testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance, and (2) the report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. The Uniform Guidance report on internal control over compliance will include a paragraph that states that the purpose of the report on internal control over compliance is solely to describe the scope of testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Both reports will state that the report is not suitable for any other purpose.

Our audit will be conducted in accordance with auditing standards generally accepted in the United States of America; the standards for financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the Single Audit Act Amendments of 1996; and the provisions of the Uniform Guidance, and will include tests of accounting records, a determination of major program(s) in accordance with the Uniform Guidance, and other procedures we consider necessary to enable us to express such opinions. We will issue written reports upon completion of our Single Audit. Our reports will be addressed to the Honorable Mayor and member of City Council of the City of Rockport. We cannot provide assurance that unmodified opinions will be expressed. Circumstances may arise in which it is necessary for us to modify our opinions or add emphasis-of-matter or other-matter paragraphs. If our opinions are other than unmodified, we will discuss the reasons with you in advance. If, for any reason, we are unable to complete the audit or are unable to form or have not formed opinions, we may decline to express opinions or issue reports, or we may withdraw from this engagement.

Audit Procedures—General

An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; therefore, our audit will involve judgment about the number of transactions to be examined and the areas to be tested. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. We will plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether from (1) errors, (2) fraudulent financial reporting, (3) misappropriation of assets, or (4) violations of laws or governmental regulations that are attributable to the government or to acts by management or employees acting on behalf of the government. Because the determination of waste and abuse is subjective, *Government Auditing Standards* do not expect auditors to perform specific procedures to detect waste or abuse in financial audits nor do they expect auditors to provide reasonable assurance of detecting waste or abuse.

Because of the inherent limitations of an audit, combined with the inherent limitations of internal control, and because we will not perform a detailed examination of all transactions, an unavoidable risk exists that some material misstatements or noncompliance may exist and not be detected by us, even though the audit is properly planned and performed in accordance with U.S. generally accepted auditing standards and *Government Auditing Standards*. In addition, an audit is not designed to detect immaterial misstatements or violations of laws or governmental regulations that do not have a direct and material effect on the financial statements or on major programs. However, we will inform the appropriate level of management of any material errors, any fraudulent financial reporting, or misappropriation of assets that come to our attention. We will also inform the appropriate level of management of any violations of laws or governmental regulations that come to our attention, unless clearly inconsequential. We will include such matters in the reports required for a Single Audit. Our responsibility as auditors is limited to the period covered by our audit and does not extend to any later periods for which we are not engaged as auditors.

Our procedures will include tests of documentary evidence supporting the transactions recorded in the accounts, and may include tests of the physical existence of inventories, and direct confirmation of receivables and certain other assets and liabilities by correspondence with selected individuals, funding sources, creditors, and financial institutions. We will request written representations from your attorneys as part of the engagement, and they may bill you for responding to this inquiry. At the conclusion of our audit, we will require certain written representations from you about your responsibilities for the financial statements; schedule of expenditures of federal awards; federal award programs; compliance with laws, regulations, contracts, and grant agreements; and other responsibilities required by generally accepted auditing standards.

Audit Procedures—Internal Control

Our audit will include obtaining an understanding of the government and its environment, including internal control, sufficient to assess the risks of material misstatement of the financial statements and to design the nature, timing, and extent of further audit procedures. Tests of controls may be performed to test the effectiveness of certain controls that we consider relevant to preventing and detecting errors and fraud that are material to the financial statements and to preventing and detecting misstatements resulting from illegal acts and other noncompliance matters that have a direct and material effect on the financial statements. Our tests, if performed, will be less in scope than would be necessary to render an opinion on internal control and, accordingly, no opinion will be expressed in our report on internal control issued pursuant to *Government Auditing Standards*. As required by the Uniform Guidance, we will perform tests of controls over compliance to evaluate the effectiveness of the design and operation of controls that we consider relevant to preventing or detecting material noncompliance with compliance requirements applicable to each major federal award program. However, our tests will be less in scope than would be necessary to render an opinion on those controls and, accordingly, no opinion will be expressed in our report on internal control issued pursuant to the Uniform Guidance.

An audit is not designed to provide assurance on internal control or to identify significant deficiencies or material weaknesses. Accordingly, we will express no such opinion. However, during the audit, we will communicate to management and those charged with governance internal control related matters that are required to be communicated under AICPA professional standards, *Government Auditing Standards*, and the Uniform Guidance.

Audit Procedures—Compliance

As part of obtaining reasonable assurance about whether the financial statements are free of material misstatement, we will perform tests of City of Rockport's compliance with provisions of applicable laws, regulations, contracts, and agreements, including grant agreements. However, the objective of those procedures will not be to provide an opinion on overall compliance, and we will not express such an opinion in our report on compliance issued pursuant to *Government Auditing Standards*.

The Uniform Guidance requires that we also plan and perform the audit to obtain reasonable assurance about whether the auditee has complied with federal statutes, regulations, and the terms and conditions of federal awards applicable to major programs. Our procedures will consist of tests of transactions and other applicable procedures described in the *OMB Compliance Supplement* for the types of compliance requirements that could have a direct and material effect on each of City of Rockport's major programs. For federal programs that are included in the Compliance Supplement, our compliance and internal control procedures will relate to the compliance requirements that the Compliance Supplement identifies as being subject to audit. The purpose of these procedures will be to express an opinion on City of Rockport's compliance with requirements applicable to each of its major programs in our report on compliance issued pursuant to the Uniform Guidance.

Other Services

We will also assist in preparing the financial statements, schedule of expenditures of federal awards, and related notes of City of Rockport in conformity with U.S. generally accepted accounting principles and the Uniform Guidance based on information provided by you. These non-audit services do not constitute an audit under *Government Auditing Standards* and such services will not be conducted in accordance with *Government Auditing Standards*. We will perform the services in accordance with applicable professional standards. The other services are limited to the financial statements, schedule of expenditures of federal awards, and related notes services previously defined. We, in our sole professional judgment, reserve the right to refuse to perform any procedure or take any action that could be construed as assuming management responsibilities.

You are responsible for identifying all federal awards received and understanding and complying with the compliance requirements and for the preparation of the schedule of expenditures of federal awards (including notes and noncash assistance received) in conformity with the Uniform Guidance. You agree to include our report on the schedule of expenditures of federal awards in any document that contains and indicates that we have reported on the schedule of expenditures of federal awards. You are also responsible for the preparation of the other supplementary information, which we have been engaged to report on, in conformity with U.S. generally accepted accounting principles. You agree to include our report on the supplementary information in any document that contains, and indicates that we have reported on, the supplementary information. You also agree to include the audited financial statements with any presentation of the supplementary information that includes our report thereon. This responsibility includes relaying to us corrective actions taken to address significant findings and recommendations resulting from those audits, attestation engagements, performance audits, or studies. You are also responsible for providing management's views on our current findings, conclusions, and recommendations, as well as your planned corrective actions, for the report, and for the timing and format for providing that information.

You agree to assume all management responsibilities relating to the financial statements, schedule of expenditures of federal awards, and related notes, and any other non-audit services we provide. You will be required to acknowledge in the management representation letter our assistance with preparation of the financial statements, schedule of expenditures of federal awards, and related notes and that you have reviewed and approved the financial statements, schedule of expenditures of federal awards, and related notes prior to their issuance and have accepted responsibility for them. Further, you agree to oversee the non-audit services by designating an individual, preferably from senior management, with suitable skill, knowledge, or experience; evaluate the adequacy and results of those services; and accept responsibility for them.

Engagement Administration, Fees, and Other

We may from time to time and depending on the circumstances, use third-party service providers in serving your account. We may share confidential information about you with these service providers but remain committed to maintaining the confidentiality and security of your information. Accordingly, we maintain internal policies, procedures, and safeguards to protect the confidentiality of your personal information. In addition, we will secure confidentiality agreements with all service providers to maintain the confidentiality of your information and we will take reasonable precautions to determine that they have appropriate procedures in place to prevent the unauthorized release of your confidential information to others. In the event we are unable to secure an appropriate confidentiality agreement, you will be asked to provide your consent prior to the sharing of your confidential information with the third-party service provider. Furthermore, we will remain responsible for the work provided by any such third-party service providers. We understand that your employees will prepare all cash, accounts receivable, or other confirmations we request and will locate any documents selected by us for testing.

At the conclusion of the engagement, we will complete the appropriate sections of the Data Collection Form that summarize our audit findings. It is management's responsibility to electronically submit the reporting package (including financial statements, schedule of expenditures of federal awards, summary schedule of prior audit findings, auditor's reports, and corrective action plan) along with the Data Collection Form to the federal audit clearinghouse. We will coordinate with you the electronic submission and certification. The Data Collection Form and the reporting package must be submitted within the earlier of 30 calendar days after receipt of the auditor's reports or nine months after the end of the audit period.

We will provide copies of our reports to City of Rockport; however, management is responsible for distribution of the reports and the financial statements. Unless restricted by law or regulation, or containing privileged and confidential information, copies of our reports are to be made available for public inspection.

The audit documentation for this engagement is the property of P. Andrew Hall, LLC and constitutes confidential information. However, subject to applicable laws and regulations, audit documentation and appropriate individuals will be made available upon request and in a timely manner to Grantor Agencies or its designee, a federal agency providing direct or indirect funding, or the U.S. Government Accountability Office for purposes of a quality review of the audit, to resolve audit findings, or to carry out oversight responsibilities. We will notify you of any such request. If requested, access to such audit documentation will be provided under the supervision of P. Andrew Hall, LLC personnel. Furthermore, upon request, we may provide copies of selected audit documentation to the aforementioned parties. These parties may intend, or decide, to distribute the copies or information contained therein to others, including other governmental agencies.

The audit documentation for this engagement will be retained for a minimum of five years after the report release date or for any additional period requested by the Grantor Agencies. If we are aware that a federal awarding agency, pass-through entity, or auditee is contesting an audit finding, we will contact the party(ies) contesting the audit finding for guidance prior to destroying the audit documentation.

We expect to begin our audit in May 2024 and to issue our reports no later than June 30, 2024. Meeting the June 30, 2024, Federal Clearinghouse filing deadline is subject to City staff closing the books by April 30, 2024, including all closing journal entries. Our expectations are to receive adjusted trial balances for all financials at commencement of fieldwork in May 2024. P. THE CITY OF ROCKPORT, TEXAS THAT:**

SECTION 1: The findings set forth above are incorporated into the body of this Resolution as if fully set forth herein.

SECTION 2: The City Council hereby officially determines, affirms, and/or re-affirms that there is a public use and necessity for acquiring the Easement; the public welfare and convenience will be served by the acquisition, by eminent domain, of the Easement on the Property; it is the City’s intent to acquire the Easement for public use and purposes on the Property as more specifically described in Exhibit “A”, attached hereto, and graphically depicted in Exhibit “B”, attached hereto, for the municipal purposes to install drainage facilities, including lines to facilitate drainage collection, conveyance, disposal, emptying, such appurtenant facilities as may be necessary, and the use of eminent domain is hereby authorized to obtain the Easement on the Property.

SECTION 3: The City Council hereby authorizes and/or re-authorizes the City Manager or her designee in obtaining, reviewing, and accepting a third party's appraisal report and updated report(s), if not acquired already, and if already obtained those actions are ratified. The City Manager, Legal Counsel or their designee is authorized and/or re-authorized to make bona fide initial and final offers based on the appraisal to the owner of the Property, and if such actions have already been completed those actions are so ratified. In the event of failed attempts to negotiate with any owner of a portion of the Property after making a bona fide initial offer and making bona fide final offer, the City Council hereby authorizes and/or re-authorizes the City Manager or designee to authorize and direct, on behalf of the City, Legal Counsel to commence and conduct all parts of the condemnation proceedings under the Texas Property Code, and other applicable law, for the acquisition of the Easement on the Property for municipal purposes and other public uses on the Property by eminent domain, and if already performed those actions are ratified. Legal Counsel, or designee, is authorized and/or re-authorized and directed to negotiate for and to acquire the required Easement for the City, and to acquire said rights in compliance with State and Federal law, and if already performed those actions are ratified. Moreover, Legal Counsel, or designee, is specifically authorized and/or re-authorized and directed to do each and every act necessary to acquire the needed Easement including but not limited to, the authority to negotiate, give notices to, make written offers to purchase, prepare contracts, to retain and designate a qualified appraiser(s) of the interests to be acquired, as well as any other experts or consultants deemed necessary for the acquisition process and, if necessary, to institute and complete court proceedings in eminent domain, and if already performed those actions are ratified.

SECTION 4: The City Manager, or his designee, is hereby authorized and/or re-authorized to execute all documents necessary to acquire the Easement on the Property, on behalf of the City, whether by purchase or eminent domain, and if already performed those actions are ratified. The City Council hereby ratifies any and all negotiations, offer letters and all documents executed prior to the effective date of this Resolution, by the City Manager, or her designee, which were necessary for the acquisition of the Easement on the Property.

SECTION 5: It is the intent of the City Council that this Resolution authorizes the condemnation of the Easement on the Property required for this project for the purposes herein stated. If it is determined that there are any errors in the descriptions contained herein or if later surveys contain more accurate revised descriptions (which may include less or slightly more acreage), the City Manager, Legal Counsel or their designee is authorized to have such errors corrected or revisions made and to acquire such property rights without the necessity of obtaining new City Council resolution authorizing condemnation of the corrected or revised property.

SECTION 6: The amount to be paid, if any, for acquiring the Easement on the Property, will be appropriated from any lawful source.

SECTION 7: The City Manager and Legal Counsel is hereby authorized to take all steps to seek legal entry upon the Property to seek surveys, geotechnical information, and appraisal information. Such activities may occur before any bona fide offers are sent to the Property owners.

SECTION 8. In the event that Special Commissioners appointed by the Court during condemnation proceedings return an award for just compensation to be paid by the City, Legal Counsel is hereby authorized to settle the lawsuit for that amount. The City's Finance Director is hereby authorized to issue a check from the appropriate fund in the amount of the Special Commissioners' award made payable to the owner or to the County Clerk of Aransas County, to be deposited into the registry of the Court, to enable the City to take possession of the Easement without further action of the City Council. If the City Manager believes such award should be appealed, the award may still be paid to take possession, but the City Manager shall put the question of whether to appeal on the next available city council agenda for consideration. If there is no such city council meeting before the deadline to appeal, the City Manager may direct Legal Counsel to file the appeal and then place on the next available city council agenda to either pursue or withdraw the appeal.

SECTION 9: Should any section, subsection, sentence, clause, or phrase of this Resolution be declared unconstitutional or invalid by a court of competent jurisdiction, it is expressly provided that any and all remaining portions of this Resolution shall remain in full force and effect. The City hereby declares that it would have passed this Resolution, and each section, subsection, clause, or phrase thereof irrespective of the fact that any one or more sections, subsections, sentences, clauses, and phrases be declared unconstitutional or invalid.

SECTION 10: This Resolution shall take effect immediately upon its passage and execution.
