SECOND DOSE VACCINATION CLINICS ANNOUNCED

ROCKPORT, TX – Second dose vaccinations are being scheduled at the Fulton Convention Center for individuals who received their first COVID-19 shot in March, according to Patricia Arnold, executive director of Aransas County Medical Services, Inc. (ACMSI), who has been coordinating the county-wide vaccination effort. The events are only for those who participated in the various clinics, which were offered by the Texas Department of State Health Services (DSHS) and Texas Division of Emergency Management (TDEM), and they must bring their first dose vaccination card.

The first event, which will be held on Wednesday, March 31 and Thursday, April 1 is intended for those who received *their first Pfizer dose on March 10* at Rockport Beach Park. DSHS will notify individuals by text or phone with appointment time and date. If contact has not been made by noon on Tuesday, March 30, please call ACMSI at 512-290-3036.

Tentative dates for other *second dose* vaccinations are April 7 (for vaccines administered on March 5th, 9th and 16th) and April 14th & 15th (for vaccines administered on March 17-18 and March 24 - 25). Recipients will be contacted by text or phone. If you have not been notified, please show up on the appropriate date and bring your vaccination card. Upon confirmation from the state organizations, the information will be posted on the web sites and Facebook pages of local government entities and ACMSI.
