City Announces Annual Street Sealcoat Project

ROCKPORT, TX – Beginning Monday August 21, 2023, the City of Rockport will undertake a Street Sealcoat Project in an area of the block end of West Market, South Fuqua from Market to Third, and From Fuqua to Austin.

Every year, the City contracts with the Aransas County Road and Bridge Department to perform the service on a rotating basis throughout the City. Door hangers will be distributed to homes and businesses in advance of the work being performed. The project will include priming the streets with tack oil and adding a rock seal coating. The project will take approximately 3 weeks to complete.

To provide the most efficient service and to avoid any possible damage to vehicles, residents, businesses, and their customers/contractors, should refrain from parking on the street between 7:00 a.m. and 4:00 p.m. Additionally, use of irrigation systems should be limited to the hours of 7:00 p.m. to midnight.

For more information, please contact the City's Public Works Department at (361)790-1160.
