## CITY ANNOUNCES ANNUAL SEALCOAT PROJECT

ROCKPORT, TX – Beginning Monday August 30, 2021, the City of Rockport will undertake a Sealcoat Project in an area encompassing part of Old Rockport and Downtown. Every year, the City contracts with the Aransas County Road and Bridge Department to perform the service on a rotating basis throughout the City.

The approximate boundaries are North – Linden, West – Fuqua, East – Pearl, and South – Concho. Door hangers will be distributed to homes and businesses a day in advance of the work being performed. The project will include priming the streets with tack oil and seal coating and will take approximately 2 ½ weeks to complete and will begin in the area around the Central Fire Station, at Concho and Gagon Streets and work east.

In order to provide the most efficient service and to avoid any possible damage to vehicles, residents, businesses and their customers/contractors, should refrain from parking on the street between 7:00 a.m. and 4:00 p.m. Additionally, use of irrigation systems be limited to the hours of 7:00 p.m. to midnight.

For more information, please contact the City's Public Works Department at (361) 790-1160.
