Safety TIPS- Porch Lights & Staying Aware of Your Surroundings:

A well-lit home can deter unwanted activity and create a safer environment for you and your neighbors. Here are a few simple tips to enhance your safety:

- Use Porch Lights Effectively: Keep your porch light on during evening hours to increase visibility around your home. Consider motion-sensor lights for added security in darker areas.
- Be Observant: When arriving home, scan your surroundings before exiting your car or entering your home. If something feels off, trust your instincts and seek assistance.
- Connect with Neighbors: Building a sense of community can improve neighborhood safety. Watch out for one another and report suspicious activity promptly.

Taking these proactive steps can help keep your property and neighborhood safe and welcoming for everyone.

Your Chance to Make a Difference: Volunteers Needed for City Boards and Commissions

The City is calling on community members who are passionate about making a difference! We are looking for dedicated volunteers to serve on various boards and commissions that play a crucial role in shaping policies and decisions that affect our city.

Whether you're interested in the Parks, trees, or community development, there's a board or commission that could benefit from your insights and expertise.

The appointment process is easy, and training is provided to ensure you're well-prepared to make an impact. If you're ready to be a part of the decision-making process and help shape the future of our community, consider volunteering today!

Visit our website for more information and to submit your application. Together, we can continue to build a strong, vibrant city.

THANK YOU!

to all volunteers, vendors, entertainment, ornament making workshop participants and parade units who made the event wonderful!

Frequently Asked Questions

1. Does Drought Status Stage 3 mean water restrictions?

Yes, Stage 3 means we need to pause outdoor water use to protect our water supply. This includes temporarily stopping lawn watering, at-home car washing, and operating decorative fountains. Indoor water use like showering, laundry, and dishes can continue as normal.

2. Who is affected by Stage 3 water restrictions?

Restrictions apply to all City of Rockport water customers, including homeowners, apartment buildings, city facilities, commercial businesses, and industry.

3. Will I be billed a surcharge on my water bill?

No. There are no active surcharges for water usage.

4. Can I fill my pool?

Yes, filling pools is permitted at this time to maintain equipment operations. Residents are encouraged to cover pools as often as possible to prevent evaporation.

5. What if I have a water well or an aerobic septic system?

Irrigation with water wells or aerobic septic systems is exempt from water restrictions.

6. Can I wash my boat?

Washing boats with soap and detergents at home is not permitted. The rinsing of boats and flushing of boat motors is permitted at a commercial establishment or using water from one's residence conservatively. Rinsing boats and motors should be done in a manner that does not waste water.
